Lbs. Of Nutrients (Ton):	Nitrogen	80
	Phosphate(P ₂ O ₅)	60
	Potash (K ₂ O)	40
	Combined Nutrient Total	180

Bulk Density: Approx. 33.25 lbs. per ft³

Pellet Size: (±) 0.1875 in. x 0.25 in.

Heavy Metals: This product is within the parameters set by NOP-7-CFR 205.203 (c),(d).

heat-treatment process eradicates harmful pathogens in the manure. Gone are the days of the 30-, 60-, or 120-day waiting periods. You can apply High Island's fertilizers to your garden at any time and harvest delicious, succulent vegetables right after application.

STORAGE PROCEDURES

Improper storage of this product may result in loss of nutrient content and a change in its physical form, including, but not limited to, destruction of pelleted shape and emission of some unpleasant odors. Storing this product in a dry place, away from rain and other moisture, will ensure the product retains its shape and nutrient content.

ABOUT

All our fertilizers, regardless of the blend, begin with a base of our straight-from-the-barn dried chicken manure. High Island™ All Purpose Organic Fertilizer is an ideal combination of Nitrogen, Phosphate, and Potash for most agricultural and garden applications.

Our entire line of fertilizers stands apart. Our unique

APPLICATION RATES

Rate of application should be determined based on local soil conditions and applicable laws governing the State(s) in which the product is used. Consult your local agronomist or agricultural agency for specific application rates recommended for your area.
